### Trade Reciprocity With Canada Urged In The United States

H. I. Harriman, President of U.S. Chamber of Commerce, Tells Washington Government Negotiations Should Be Started at Once as Desire Growing in Both Countries

#### Joint Committee's Views Are Quoted

Associated Press  
Washington, Sept. 27.—Secretary of State Cordell Hull was urged to-day by Henry I. Harriman, president of the Chamber of Commerce of the United States, to open reciprocal tariff negotiations with Canada at the earliest possible moment.

Mr. Harriman, in a letter to Secretary Hull, said business men of both countries were in favor of working out a reciprocal trade agreement. He said a joint committee, maintained by United States and Canadian chambers, had recommended such a course.

"The widespread interest in both countries in restoring Canadian-United States trade to its former levels," Mr. Harriman said, "has found its origin in no small part in the facilities now afforded for reciprocal trade negotiations."

**VISITED CANADA**  
During a recent visit to Canada I was particularly impressed by the desire of Canadian business men to see such an official exchange of trade with their views take place, including in such exchange not only tariff levels, but also the many administrative regulations," he said.

### URGE EMPIRE CONFERENCE

British Chamber of Commerce Suggests King's Jubilee For Trade Talks

Canadian Press Cable  
London, Sept. 27.—The British Chamber of Commerce to-day unanimously passed a resolution urging the government to take the opportunity of the King's Silver Jubilee celebration next year, when leaders from the Dominions will be in London, to call an Imperial Economic Conference.

This conference could review the trade position in the light of the agreements signed at the Imperial Economic Conference in Ottawa in 1929, it was pointed out.

Figures published to-day showed Britain's exports to the Empire had topped her exports to foreign countries this year for the first time in history. Only a few days ago Ottawa reported that increase of Canadian trade with the rest of the Empire more than accounted for her total increase over last year.

In the first eight months of the year British exports to Empire countries increased by more than \$60,000,000 over last year, or 14.3 per cent. Exports to foreign countries increased by \$19,750,000, or 2.9 per cent.

The net effect was to bring the Empire exports to \$85,500,000 higher than exports to foreign countries.

League Assembly Ends Sessions After Hearing Litvinoff Call For Hearing To Explore Possibility of Reviving Efforts to Disarm

Valuable Instruments in McGill Building, Montreal, Threatened For Time

Canadian Press  
Montreal, Sept. 27.—A fire in the McGill Observatory to-day threatened damage to the many valuable scientific instruments housed there, but was quickly extinguished before the flames had a chance to spread.

A preliminary survey indicated the instruments had escaped the fire and water, but further examination was to be made. Cause of the outbreak was not ascertained. Firemen cut a hole in the roof and put out flames that were moving along the rafters. No one was injured.

### Meteor Bursts Near Passenger Airplane

Pilot Instinctively Swerves Air Liner Over California; Spectacle Seen From Ground

Associated Press  
Oakland, Calif., Sept. 27.—A blazing meteor burst to-day, seemingly within a few hundred yards of a well-filled air liner, Co-pilot Archie Anderson of the early morning Transcontinental plane reported on his arrival here.

Anderson said he was at the controls in the sky over Fairfield, Solano County, when he saw the meteor. Instinctively he swerved the plane, then realized he could not expect to dodge anything coming so fast. At that moment the meteor exploded.

"I looked around suddenly when Anderson swerved the ship," said Pilot Jack O'Brien, "just in time to see the final flash of the meteor. Boy, it was close! That fire ball seemed right in front of the propellers."

Passengers cried out.

Lavon Mase, a truck driver, who saw the meteor and heard the roar of the plane's motors, telephoned Oakland police an airplane had fallen in flames.

### STRIKE THREAT ON JAPAN SHIPS ENDED

Kobe, Japan, Sept. 27.—Union leaders and shipowners to-day reached an agreement, averting a women's strike which was to have been called to-night.

The owners agreed to the majority of the workers' demands, including those for higher pay and better food.

### MRS. FORD IN GOLF FINAL

Vancouver Star Will Meet Mrs. Gouinlock, Toronto, For Canadian Title

Scarboro Golf Club, Toronto, Sept. 27.—Miss Ada Mackenzie was checked in a bid for her sixth Canadian women's closed golf crown in a startling upset here to-day, dropping out of the chase in the semi-finals by a score of 3 and 2 to Mrs. R. W. Gouinlock, also of Toronto.

It was the second time Miss Mackenzie has lost within the last two weeks. She was defeated as open champion at the Toronto Country Club last Saturday by Mrs. W. G. Fraser, Ottawa.

Mrs. C. E. Ford, former holder of the crown from Vancouver earned the right to meet Mrs. Gouinlock in the final to-morrow, by shattering the hopes of another Torontonian, Mrs. F. J. Mulqueen, 2 up.

**GREAT MATCH**  
The second match was also a thrilling battle, with Mrs. Mulqueen squaring the issue on the tenth green, but the spectacular Pacific Coast star fought back doggedly and regained the advantage on the twelfth. The see-saw struggle persisted as the Toronto player once again drew on level terms with a par three on the fourteenth, where Mrs. Ford was short with her iron shot from the tee.

Undaunted the Vancouver player came back with a win on the sixteenth, after her opponent had pushed her drive into a deep ravine. Enjoying a lead of a single hole coming to the home green, Mrs. Ford made certain of victory by reaching the uphill green with two perfect wood shots, while Mrs. Mulqueen's drive was short and her spoon mislaid the carpet by forty feet. She was also light with her chip, and failed to negotiate a ten-footer. Mrs. Ford sent her approach putt within inches of the cup and her opponent conceded the hole and the match.

**WELSH COAL STRIKE AVERTED**  
London, Sept. 27.—A settlement between the parties to the coal dispute in South Wales averting the strike threatened for October 1, was announced by the Mines Department this evening.

**MACDONALD SOON ON WAY HOME**  
Canadian Press  
St. John's, Nfld., Sept. 27.—Prime Minister Ramsay MacDonald to-day devoted part of his last full day in Newfoundland to a discussion of labor matters with a delegation from the St. John's Labor Union.

Keenly interested in the problems of the working man, the British Premier had a long talk with members of the delegation. The nature of the discussions was not disclosed.

Prime Minister MacDonald will sail to-morrow for England on the liner Nova Scotia, with his daughter Isabel.

An indication of the Prime Minister's new vigor is seen in the fact he is to make a short address to the people here this evening, his first since he landed in Canada in July.

**DEATH FOLLOWS BITE BY INSECT**  
Toronto, Sept. 27.—Specialists here are seeking to determine what type of insect bit four-year-old Harold Canning and produced an abscess of the brain which proved fatal.

Two weeks ago the insect is believed to have bitten the sleeping boy. When the lad awoke there was a slight swelling over his right eyelid. As the swelling increased the family called a doctor, who lanced the eyelid. After a slight improvement the boy died in last Friday and all sensation was gone from the boy's left side.

He was removed to a hospital and underwent five operations intended to relieve the pressure on the patient's brain. Tuesday night he became unconscious and death followed.

Geneva, Sept. 27.—Afghanistan was unanimously elected a member of the League of Nations to-day by the League Assembly.

### TARGET PRACTICE LED TO SEARCH

Sydney, N.S., Sept. 27.—Two score seamen and Royal Canadian Mounted Police became ardent advocates of target practice to-day after they had groped about in the fog of Cape Breton coast in search of a vessel in distress only to find that fears had been aroused by two Canadian destroyers having target practice.

Early this morning they returned to port with the news the Saguenay and the Champlain, far from their base at Halifax, had been holding a target practice after dark.

### Sopwith Says Mistakes Made

But He Does Not Now Say He Will Not Challenge Again For Yacht Cup

By TOM HORGAN  
Associated Press Staff Writer  
Bristol, R.I., Sept. 27.—As Endeavour, fifteenth challenger for the America's Cup, was being prepared to-day for her voyage home to England, her owner-skipper, T. O. M. Sopwith, remained by his own testimony "not heartbroken, but disgusted at the spirit in which international racing is conducted here."

Sopwith said he had come over to the United States, as he thought, for the good of the sport, but found the races were "run as a big business, something I was not prepared to contend with."

**ADMITS ERRORS**  
The English yachtman said he was fully aware of mistakes he had made during the races, and of the last race he said: "My tactics were all wrong. I admit it."

Magnanimously, he added: "All errors made aboard Endeavour from beginning to end were mine. The people of Gosport built the best boat in the world. I had a splendid afterguard, and as for the amateurs in the crew, I could not expect to find a more capable and willing set of chaps, all rumors to the contrary notwithstanding."

Although Sopwith stated emphatically after the final race that he would not challenge again, he is still in a fighting mood and now prefers to leave that question open. "I would not say that," he countered, "but it is a very expensive game trying to win the America's Cup."

### Alberta Wants Rail Rates Cut

Supports B.C. Before Commission on Request Prairie-B.C. Levies Be Reduced

Canadian Press  
Ottawa, Sept. 27.—Argument for the provinces of British Columbia and Alberta in support of an application for reduced domestic freight rates on feed grains and mill feeds moving from prairie points to British Columbia was concluded before the Railway Commission here to-day.

Shortly before the lunch adjournment, E. P. Flintoft, counsel for the C.P.R., opened his argument in opposition to the application. He will be followed by counsel for the Canadian National.

This forenoon Thomas Reid, M.P. for New Westminster, representing the government of British Columbia and the Fraser Valley Survey Farmers' Co-operative Association, concluded his all-day submission of yesterday.

Then A. L. Chard of Edmonton presented argument for the government of Alberta. He took the position that the reduction requested should not be confined to low grade grain and mill feeds. In his opinion it should be applicable on all grains moving for domestic use from Alberta points to British Columbia.

Mr. Chard gave voice to the claim of Alberta that it was carrying a large proportion of the mountain differential.

Mr. Chard said the greater part of the grain shipped to British Columbia was primarily dependent on its agricultural activities, and approximately 50 per cent of the tonnage moving from that province came from the farms. If domestic rates on grain from Alberta to British Columbia could be reduced, it would give Alberta a great advantage.

### Wage Board Is In Session Here

The Board of Industrial Relations convened at the Parliament Buildings this morning for a two-day session on general matters of policy.

No announcement was made as to any decisions or new orders, but it was intimated something would be announced later in the week.

The board has currently under observation the possibility of minimum wages in the construction industry and office occupations.

## Passenger On Liner In Atlantic Watched As Man Arraigned In New York

### TWO FIGURES IN KIDNAP HEARINGS

Samuel Foley, left, district attorney of Bronx County, New York, is in charge of prosecution of the extortion case against Bruno R. Hauptmann, based on the latter's possession of Lindbergh ransom bills. James M. Fawcett, right, New York attorney, retained by Mrs. Hauptmann, is defending her husband.

B. R. Hauptmann, Pleading Not Guilty to Lindbergh Extortion Charge, Hears Judge Demand Bail of \$100,000; Man Who Boarded Liner From Tug Off New York Is Under Surveillance as Ship Nears Europe

### Counsel Threatened

New York, Sept. 27.—James M. Fawcett, counsel for Bruno R. Hauptmann, charged with extortion in the Lindbergh baby kidnap case, disclosed to-day he had received two anonymous letters threatening him with bodily harm if he did not withdraw from the case.

By HOMER MCCOY  
Associated Press Staff Writer

New York, Sept. 27.—Bruno Richard Hauptmann to-day pleaded not guilty to an indictment charging him with extorting \$50,000 from Col. Charles A. Lindbergh for the return of the filer's kidnapped son.

County Judge Lester W. Patterson fixed bail at \$100,000.

Hauptmann appeared in a daze during the brief proceedings, which required only about five or six minutes, and he said nothing.

The defendant wore a wrinkled light grey suit, a white shirt with the collar open, and had no tie. His face bore a stubby growth of beard.

**PASSENGER WATCHED**  
Meanwhile, far out on the Atlantic, a passenger on the North German Lloyd liner Columbus came under police scrutiny.

The passenger, at sea, Inspector John J. Sullivan disclosed, appeared at the line's office last Saturday, evidently agitated and carrying a roll of bills, and chartered a tug to overtake the outboard ship.

His full wallet, in contrast to the poverty of his clothes, and the haste and anxiety with which he departed, caused police to seek further information about him.

**SEEN BY LINDBERGH**  
Colnel Lindbergh made a surprise visit to the Bronx County building to-day and in a line of detectives, viewed Hauptmann. District Attorney Samuel J. Foley disclosed the meeting after the former German machine-gunner had pleaded not guilty to the extortion indictment before Judge Patterson.

Col. Lindbergh entered unnoticed, and as a disguise wore a pair of horn-rimmed glasses and in a line of detectives, viewed Hauptmann. The disguise served to prevent Hauptmann from knowing Col. Lindbergh was in the line, but further details of the meeting were not disclosed by Foley.

The district attorney said the outcome of the meeting would not be made public.

**FLIER GUARDED**  
Foley said Col. Lindbergh had come to the office voluntarily and expressed a wish to see the prisoner. The flier was escorted by twenty policemen attached to the Bronx district attorney's staff. He was whisked up to the sixth floor of the building in a private elevator.

Judge Patterson, in fixing the amount of bail, said he was taking into consideration the fact that Hauptmann was an alien and that his counsel, James M. Fawcett, had asked that bail be set at \$5,000 because "the defendant has no more money than that amount."

Although District Attorney Samuel J. Foley previously had said he would move for an early trial, possibly in two weeks, should New Jersey delay (Turn to Page 9, Col. 1)

## Thought Bandit Would Carry Out Threat To Kill

Herbert D. Cummins Thought "It Was All Over" When Armed Robber Suggested "Letting Him Have It"; With Miss Lily Cronk He Was Held Up on Veranda of Up-lands Home

"Shall I let him have it?" growled a bandit.

"When I heard that I thought it was all over," said Herbert D. Cummins, 2813 Blackwood Avenue, to-day in telling of the holdup of Miss Lily Cronk, of the Up-lands, and himself while they were making a call on a friend at the home of A. F. D. MacGachen, Lansdowne Road, yesterday evening.

On the veranda of the MacGachen home, Mr. Cummins and Miss Cronk were confronted by two armed bandits they had interrupted while ransacking the house. The bandits threatened to kill them if they communicated with police.

The holdup occurred shortly before 9 o'clock, when the couple were calling on Miss Gertrude Adams, a maid in the MacGachen home. After knocking on the door they heard movements inside and thought it was Miss Adams answering their knock.

"STICK 'EM UP!"

As the door opened, however, two masked men emerged, one carrying a revolver.

"Stick 'em up," the bandits snarled. The command was obeyed and Mr. Cummins and Miss Cronk were ordered to back out on the veranda. When they had done this, the unarmed robber said:

"Come on, buddy, let's go to the car."

### DOLLAR LOSES ON EXCHANGE

New York, Sept. 27.—The Canadian dollar dropped sharply on the foreign exchange market here to-day and closed at a 2 9-16 per cent premium, off half a cent.

Sterling recovered in late dealings to close unchanged at \$4.96 1/2.

The franc continued weak, losing .01 of a cent lower at 66 1/2 cents.

Exchange rates at Montreal at 3 p.m. E.S.T. to-day were:  
Pound sterling \$4.84 1/4.  
U.S. dollar 87 1/2.  
French franc in Montreal 64 1/2.

## Sloan Takes Charge Port Alberni Police

Commission Divested of Authority in Sudden Move By Attorney-General; Citizens Losing Confidence and Will Vote on Change; Surprise to Residents

In a surprise move at midnight yesterday, Attorney-General Sloan took over control of policing in the municipality of Port Alberni. Mr. Sloan stated "the citizens of the community were losing confidence in the administration of justice here."

The citizens will have an opportunity to vote on the future policy, but in the meantime the Port Alberni police commission has been divested of its authority and the local force made directly responsible to Col. J. H. McMullin, commissioner of British Columbia police.

The action was taken swiftly following investigation of alleged unsatisfactory conditions in the up-lands town and in doing so the attorney-general invoked for the first time a section of the Municipal Act, which gives him power to step in and take charge.

### Young Chemist in Massachusetts Hospital Says He Will Die, But He Lives

Associated Press  
Cambridge, Mass., Sept. 27.—The time which John L. Baurer, twenty-one-year-old chemist of Pittsburgh, had set for his death from self-administered poison passed to-day with his condition improving at the Cambridge Relief Hospital. His name still was on the danger list, however.

Baurer, who said he was a research chemist, and a former student at the Carnegie Institute of Technology, walked into the relief hospital yesterday evening. He calmly announced he had taken a poison for which there was no antidote and told hospital attendants he would die within fifteen hours.

"You are wasting your time," he told physicians as they pumped his stomach out.

### WOMAN REPORTS HUSBAND MISSING

New York, Sept. 27.—Katherine Maurer of the Bronx to-day reported to District Attorney Samuel J. Foley that her husband, John, who she said had disappeared since the case against Bruno Richard Hauptmann "broke."

Mrs. Maurer was in the district attorney's office only a short time, when she left in company with Henry Leslie of the U.S. Department of Justice bureau of identification, and Charles Frank, New York city detective.

As she left the office she was heard to say "I want to go home."

The detectives said she had told them her husband knew Hauptmann, and that the prisoner knew her husband.

## PLANS SECOND SAFETY DRIVE

Chief Heatley Arranges  
Traffic Campaign For  
Week of October 8

Chief of police Thomas Heatley's second campaign for the safety of motor and pedestrian traffic in Victoria, will be launched during the week commencing October 8, he announced this morning. Owing to the success of his former campaign, the chief has decided to conduct next month's campaign on a similar basis, when instructions will be given for the benefit of motorists, pedestrians and school children.

A particular point which will be stressed in regard to motorists will be that of exercising care at intersections. The chief is firmly convinced that the large number of serious accidents lately have been caused by careless and in some instances, reckless driving at corners, and he has undertaken to check it.

Pedestrians will be taught safety on the downtown streets. The danger of offences such as jay-walking, and walking into the street from behind a parked car, will be demonstrated.

## COURT RULES ON SCHOOL TAXES

Canadian Press

London, Ont., Sept. 27.—The London Catholic Taxpayers' Association will make an early appeal to the Ontario Government for sweeping changes in legislation affecting the apportionment of separate school taxes, it was stated here yesterday. Determination to make the appeal followed reversal of the decision of Judge J. J. Wearing by the court of appeal in the controversy over the division of school taxes in the case of "mixed marriages."

Judge Wearing's ruling, dealing with instances where the home was leased or owned jointly by a Protestant husband and his Roman Catholic wife, maintained half the assessment for school taxes could be diverted to separate schools and the other half to the public schools, if the wife so decided.

In its appeal, sustained at Toronto by the court of appeal, the London Board of Education contended it should be granted a full amount of school taxes in such cases.

## FRESH PARTY MOVE STARTED

Two More Conservative Organizations Are For Wiping Out Past

The move for British Columbia Conservatives to wipe the slate clean of the past and embark on a fresh start with a new leader gained impetus yesterday evening when the Ward Five local organization at its annual meeting called upon the executive of the B.C. Conservative Association to arrange for a provincial convention immediately to name a leader and outline a platform that will appeal to the voters of the province.

Similar action was taken yesterday evening by the Saanich Ward Seven Conservative Association.

It was indicated at the meetings that the B.C. executive is not anxious to call a convention this year, but would put off for a year the selection of a leader. Leading the assault on this stand, however, are a number of aspirants for the leadership who are anxious to have their position established as it is expected that the leadership in the course of years will lead to the premiership.

Rugh Allan, president of the Victoria Conservative Association, speaking at the Ward Five meeting at Conservative headquarters in the Campbell-Building, urged an immediate convention to name a leader, wipe out the old Toimie Unionist associations and get as many as possible of the old followers back into harness.

"The quicker a convention is called, the better," said D. B. Plunkett, M.P. "It is not necessary that a policy be laid down at the convention, but it is imperative that a leader be selected. The situation at the present time is not a pleasant one."

Mr. Plunkett also spoke of what had been accomplished by the Bennett Government during the six-month session at the House at Ottawa, where 125 measures were put through to bring back prosperity to the people of Canada. He dealt with the new marketing legislation and told how it was putting the farmers back on their feet.

Adolph Lancaster was re-elected chairman of Ward Five with C. Bruden replacing A. Maclean as secretary. Delegates to the central executive: F. J. Crowhurst, Mrs. W. Higgins, A. Maclean, Chairman Lancaster and Secretary Bruden.

George McGregor was elected president of the Saanich Ward Seven organization. Other officers elected were: Vice-president, Mrs. E. Howcroft; secretary-treasurer, Mrs. A. Dealey; executive, Mrs. A. Street, Mr. and Mrs. J. F. Bates, Major J. P. Hibben, Mrs. Thompson and Frederick Bates.

## WORLD ERA OF CHEAP MONEY

Governments Should Put Out  
Long Term Securities and  
Benefit, Says Financier

"Money is exceedingly cheap and may possibly become cheaper, but the time is arriving for governments to put out long-term bonds, because any considerable increase in business will tend to harden money rates," said Albert Matthews, president of Matthews

and Company Ltd., investment bankers of Toronto, in an interview given at the Empress Hotel yesterday.

The Toronto financier contends that unless trade improves substantially a world era of very cheap money may be expected. The signs are all pointing that way.

In any case, he believes, it is a good time for governments to launch long-term securities and gain advantage of the present cheap rates of interest.

When asked about B.C.'s efforts at debt refunding to obtain lower interest rates, Mr. Matthews said: "While I am in sympathy with the proposal, at the same time the welfare of the great number of widows and estates should not be lost sight of."

Reviewing conditions as he found them on his first western tour in seven years, Mr. Matthews observed: "The trend of business is appreciably on the upturn and the indications are that it may continue so. The crops are better than last year and the prices are substantially so. The country is much more favorably situated than it was two years ago."

"We are here for a holiday and I am looking things over," said Mr. Matthews in explaining the visit of himself and his wife to Victoria.

Apart from the presidency of the company bearing his name, Mr. Matthews is a director of the General Trusts Corporation of Toronto and chairman of the board of governors of McMaster University. He is also vice-president of the League of Nations Society of Canada.

## VEGETABLES TO COME UNDER ACT

Fraser Valley Growers Put  
Forward Tentative Plan  
For Marketing Produce

Canadian Press

Cloverdale, Sept. 27.—Potato and vegetable growers of the Fraser Valley have unanimously decided to forward to Ottawa and Victoria tentative plans for action under the Natural Products Marketing Act, together with a signed petition from the growers.

The plans, formed at a well-

attended meeting here, are the same as those decided on at an earlier meeting of the growers in New Westminster.

The amendments ask that the number of board members be five instead of three, a majority of the board to form a quorum.

They urge a straight 5 per cent levy on the cost of produce to defray expenses, and that pooling be resorted to if considered necessary in the opinion of the board.

P. J. Kellaway of the Surrey district, explained that the domestic market took care of 30,000 tons of potatoes out of 80,000 tons grown in the district. S. H. Ford of Pitt Meadows pointed out 60 per cent of the potato crop and 90 per cent of its distribution were in the hands of Chinese, who bought from white growers only when they did not grow enough themselves.

## URGES P.G.E. BE COMPLETED

A. E. Munn, M.P. For Vancouver North, Says Railroad Could Be Asset to B.C.

Canadian Press  
Vancouver, Sept. 27.—Completion of the Pacific Great Eastern Railway and its continued operation by the province of British Columbia was urged by A. E. Munn, M.P. for Vancouver North, in an address to the North Burnaby Board of Trade.

He declared it would be most advisable to complete the railway from Burrard Inlet to join with the Canadian National Railway northern line in the interests of development of the province's natural resources.

"It is all nonsense to ask either the Canadian Pacific or the Canadian National Railways to take over the P.G.E.," he said. "We must first put the line in order and it will then become a valuable asset."

Mr. Munn charged Vancouver businessmen were "loading on the job" in regard to the development of the P.G.E.

He expressed decided opposition to any amalgamation of the C.P.R. and C.N.R.

"We have property in the C.N.R. that is worth taking care of," he said. "That railway can haul heavy freight cheaper than the C.P.R. and, if the railway board would allow it, the C.N.R. can beat the C.P.R. by twelve hours to eastern Canada, having better grades and a better road-bed."

## SURVEY VALUE IS QUESTIONED

W. C. Moresby, Back From School Trustees' Convention, Gives Report

Trustee W. C. Moresby questioned the value of the educational committee in giving a report on the annual convention of British Columbia School Trustees at Nelson recently, before the City School Board yesterday evening.

Trustee Moresby, who was Victoria's delegate to Nelson gathering, voiced some doubt as to the worth of the commission, on remarks he had heard from a member in attendance at the convention. Other city trustees voiced the view it would not merit the time or money spent on it.

Mr. Moresby regretted the poor shape in which resolutions were presented to the convention and had pressed for enforcement of the rule to have resolutions in the hands of the executive thirty days in advance of the sessions and for the consolidation of resolutions dealing with similar matters. His stand had won support, he stated.

Trustee Moresby stated many of

the problems advanced by delegates from rural areas had been exceptionally interesting.

Action had been taken toward the reorganization of the convention, he said.

One resolution of importance aimed to protect teachers and give them the right to appeal when they believed themselves unjustly treated. It had won support, as had a move to maintain salaries. Trustee Moresby said he had pointed out the necessity of considering costs of education when those matters were under discussion. A motion had also been backed to have new sources of revenue found for education other than those imposed on land.

He had taken a stand against any resolution which might embarrass the government or the municipalities. He stated the next convention would be held at Harrison Hot Springs.

In conclusion, he suggested cities should have a larger representation on the executive than they now have. Dealing with the social side of the convention, he stated the people of Nelson had spared no effort to make the stay of the visitors enjoyable.

## SOCIAL SERVICE WORK TEDIOUS

Takes Workers Sometimes as Long as a Year Before Any Results Forthcoming

Committees from the Friendly Help Welfare Association of Victoria and welfare societies in Oak Bay, Saanich and Esquimalt are now busy working out plans for the annual campaign for funds which will commence October 15. This year the amount needed to run these societies for the coming twelve months is \$45,500.

In a city the size of Victoria a great deal of social service work is continually necessary. There are hundreds of cases of marital troubles which must be dealt with by trained case workers, wise in the ways of handling such difficult problems. This work is the most tedious and the slowest to show results. Sometimes the workers must be on one case for as long as a year before they see any improvement. Seldom do they meet utter failure.

Besides this phase of the work, the welfare societies in Greater Victoria look after much material relief. They care for unfortunate families in need of fuel, food, clothing and boots and shoes. The aim of these societies is to help along a family in some way or another. Very often the head of a family is able to pay the rent of the fuel bill and several other bills, but is absolutely unable to provide shoes and clothes for his children. It is then that the work of these societies is invaluable for they provide what is needed, provided the case is meritorious.

## HIGHWAY LINKS MEXICO CITY

New Road Now Used, Says C. L. H. Branson, Back From Trip By Fast Plane

After making the trip from Los Angeles to Mexico City and back, 1,800 miles each way, by airplane, at the speed of 200 miles an hour, C. L. H. Branson was back in his home in Victoria yesterday.

"Only four-passenger planes are used on this route as they have to go over the mountains," Mr. Branson said. "But it is the fastest passenger air service in the world. We flew at times as high as 12,000 feet."

Mr. Branson went down to inspect his two big oil wells near Tampico. They are now on full production, with a railway built into them and pipe-lines taking the product to the coast.

"Mexico is booming in every way," Mr. Branson said. "Electric and gold mines are opening on all sides and the oil business is prospering."

"Mexico City now has a population of 1,500,000. It is built on the high lands at an altitude of 7,000 feet and the climate is of the very best."

**NEW HOTELS**  
"The city is crowded with visitors and is expanding to take care of its increased business and population. While I was there the rush of visitors was so great it was impossible to get hotel accommodation. Four great modern hotels are now in course of construction to take care of the business."

"Next year will see a tremendous season for Mexico City as 10,000 Lions and Rotarians will go there for their international convention. To take care of this enormous crowd of visitors, the Pullman company will lay out a Pullman city of Pullman cars in which visitors will sleep."

"Living is very cheap in Mexico City. A hotel suit of living-room and bath costs about \$2 a day, or less."

than half the price here. In the city is the most wonderful casino now in the world. It is crowded with people from all over the world, and at night you cannot get near the tables, which are literally glowing with money.

"The highway from Texas to Mexico City is open. It is 350 miles long. Cars are now going through, but the final surfacing of part of it has not been completed. This will be completed during the next few months and in time for next year's tourist travel. One can then go in his own motor car over the new roads all the way from Victoria through San Antonio to Mexico City."

"Mexico has an efficient, stabilized government. Visitors are perfectly safe. Taxation is moderate. The government is one of the few in the world which has a surplus. By its last budget it had a surplus of 40,000,000 pesos, a peso being worth about 90c to-day. It is spending large sums in beautifying the capital city, making it one of the outstanding cities of the world. The radical government, which overthrew the church power, has brought prosperity and better conditions all around for the country. The Mexican workers are now getting better wages than they did under the old regime and the government has brought about much improved living conditions for the worker and the average man. I saw one church party parade while I was there, but the church is definitely no longer dominant or aggressive. It is on the wane as the outlook of the people has improved and the government of the anti-church groups has become stronger and brought better conditions for the people. President Abelardo Rodriguez has given the country strong government. He will go out of office in December to be succeeded by Lazaro Cardenas, another strong and capable man. Government interference with business has been reduced to a minimum."

"What impresses me in Mexico is the fact that everybody there seems to fly. All the big commercial companies have their private planes and landing fields. The pilots are either American or Mexican."

Mr. Branson said that the trip that he made from Los Angeles to Mexico City in twelve hours, including stops, takes five days by railway.

## POUND PARTY W.C.T.U. HOME

Annual Appeal For Pioneer Institution Planned For Wednesday, October 3

Wednesday, October 3, is the date of the annual pound party at the W.C.T.U. Home for Friendless Girls, 144 St. Street, and the occasion serves as a reminder of the long and beneficent work which has been carried on by this pioneer institution.

FOUNDED IN 1889, with a board of management comprising Mrs. David Spencer, Mrs. Frank Adams, Mrs. Burkholder, Mrs. Humber, Mrs. N. Shakespeare, Mrs. William Grant, Mrs. C. C. Spofford, Mrs. Flett, Mrs. McGregor, Mrs. Gordon Grant, Mrs. J. Robson, Mrs. Charles Hayward and Mrs. Frank Adams, it was originally housed in a building just beside the present Oriental Home, on Cormorant Street.

The late Mrs. Spencer was the first president, and continued to hold the office until the time of her death. Mrs. Burkholder, who also passed away recently, was another charter member, and surviving charter members are Mrs. Gordon Grant, Mrs. William Grant and Mrs. Spofford, the first-mentioned no longer on the board.

FIRST MATRON  
Mrs. Howell was the first matron, her successors being Mrs. Siddall, Mrs. McElroy, Mrs. Flett, Mrs. Ingles, Mrs. Hoyer, and the present matron, Miss K. Moore, R.N. The assistant matron, at present, is Miss Rose Bottell.

The board of management includes Mrs. Frank Grant and Mrs. D. C. Sibbison, daughters of two of the first board, Mrs. Spencer and Mrs. Burkholder, respectively. The other members are Mrs. William Grant, Mrs. C. C. Spofford, Mrs. G. H. Grant, Mrs. E. C. Grant, Mrs. F. W. Grant, Mrs. John Hall, Mrs. James Hodge, Mrs. W. G. Wilson, Mrs. William Russell and Mrs. Scott.

## SAYS DOCTORS SELL BABIES

California Welfare Worker's Allegations to Be Investigated By State

Sacramento, Calif., Sept. 27.—Charges that physicians were selling babies in order to obtain compensation for themselves and for hospitals in maternity cases were made to the Governor's Council today by Elizabeth Owens of the state Department of Social Welfare.

In most instances she said the mothers were poor. For the most part, Miss Owens said, the babies were adopted in the legal method provided by law and the money was paid secretly to the doctor or hospital in exchange for release of the children signed by the mother.

She said certain information would be turned over to district attorneys in counties where the traffic allegedly is carried on.

### DIES IN WINNIPEG

Winnipeg, Sept. 27 (Canadian Press).—Mrs. Elizabeth Jane Bruce, wife of David A. Bruce, former district superintendent of postal service at Calgary, Alta., is dead here, aged seventy-one. Mrs. Bruce was born in Markham, Ont., and went to Calgary with her husband in 1906. Together they came to Winnipeg in 1929.

### URNS OUT IN PLAID

## YOUNG PEOPLE'S SOCIETIES

QUEEN OF PEACE Y.P. CLUB

The Queen of Peace Young People's Club held its annual meeting in the church hall at Esquimaux on Tuesday evening. The report showed a year full of various social and intellectual activities; the financial statement revealed a satisfactory bank balance. A vote of thanks and appreciation to the retiring officers was passed unanimously. It was agreed to meet twice monthly on the second and fourth Tuesdays.

The newly-elected officers are: President, L. Pierce; vice-president, Esther Smith; secretary-treasurer, Eileen Worth; executive committee, Alan Hargreaves, John Lea, Betty Molloy, Betty O'Leary. At the close of the business of the evening refreshments were provided.

### CENTENNIAL Y.P.S.

The regular meeting of the Young People's Society of Centennial United Church, held in the Sunday School on Tuesday evening, took the form of a social. Ernest Hatch was in charge of the games and provided a fine variety of entertainment. The group was divided into ten teams, and each was set to playing separate games. Prizes for the group playing the largest aggregate in the ten games were won by Betty Corliss, Mildred Dickson, Jim McCague and Fred Wheeler. A tasty lunch was served by the social committee and an enjoyable time was had by everyone.

## Your Baby and Mine

By MYRTLE MEYER ELDRED

INFERIORITY INSPIRES CHILD TO EXCEL—IN GOOD WAYS OR BAD. There is an inherent desire in all normal individuals to keep pace or to outdistance companions, relatives and friends. If this were not true there would be no progress as everyone would be quite content to remain whatever he was and make no individual effort to improve.

It is obvious that because of mental and physical differences, as well as social and material handicaps, it is harder for some than for others to meet even the ordinary competition of school. This gives rise to a feeling of inferiority in the unsuccessful competitor. This feeling is advantageous when it spurs on the child to greater efforts in some particular line of endeavor as a compensation for inferiority in situations over which he has no control.

PLINY GENIUSES ARE DUMB ATHLETES

This accounts, in a measure, for the efforts of physically inferior children to excel scholastically.

It accounts for the ferocity with which mentally inferior children plunge into athletics.

It accounts for the frequency with which the slightly younger child in a family manages to skip a grade and put him or herself on a scholastic level with an older brother or sister of whose age and privilege he is inwardly envious.

THE "BAD BOY" KNOWS FAME

There are all legitimate ways by which we squelch feelings of inferiority and compensate for them.

It is only when a child cannot find legitimate weapons with which to conquer his unhappy emotion that he develops other means of making himself outstanding. He becomes "worst" boy in school, the town bully, the most amusing liar, the cleverest sneak thief, the leader of the incorrigible gang—the most "hard boiled," thus achieving a spurious fame.

HELP CHILD TO EXCEL

A question all parents and teachers should ask themselves when a child becomes noticeably misbehaved and unmanageable is: Why is

## FAIR WEDDING OBJECTED TO

Ontario United Church Presbytery Protests Ceremony at Leamington

Canadian Press  
Sarnia, Ont., Sept. 27.—Lambton Presbytery of the United Church yesterday passed a resolution condemning performance of a marriage ceremony before the grandstand of the Leamington fall fair by a United States minister. The resolution, passed at the Presbytery meeting in Port Lambton, will be sent to the secretary of the London conference and secretary of the Presbytery to which the minister, Rev. J. B. Champion of Wheatley, near Leamington, is attached.

The resolution declared that the action of Rev. Mr. Champion "not only discredited the solemnity of the marriage ceremony, but lends the prestige of the church to exploitation of the sacred rite." The Leamington fair of September 25, it stated, was climaxed with a wedding, described as "carried off with pomp in front of the grandstand."

Canadian Press  
Leamington, Ont., Sept. 27.—The marriage ceremony conducted before the grandstand of the Leamington fair Tuesday evening, to which the Lambton Presbytery of the United Church has taken exception, was viewed by nearly 10,000 persons. Rev. J. B. Champion of Wheatley, about eight miles from here, performed the ceremony that made William Quick and Margaret MacVicar, both of Leamington, husband and wife. Mr. Champion conducted the ceremony after a Leamington minister refused. The fair board had offered a prize to the first couple agreeing to be married before the grandstand, and Quick and MacVicar appeared.

Canadian Press  
Wheatley, Ont., Sept. 26.—Rev. J. B. Champion, United Church minister who performed a wedding ceremony before the Leamington fair grandstand Tuesday evening, described as "very pious," the objections regarding his action. Informed of the criticism leveled at him by the Lambton Presbytery of the United Church, Mr. Champion declared it was not the place where a marriage was held that really mattered, but it was the spirit. "When the United Church was formed, the union ceremonies were

## LIQUOR CASE IS DISMISSED

Vancouver, Sept. 27.—The suit of Harry Sokol for \$8,350 against the Pacific Forwarding Company and its manager, Harry Reifel, wealthy Vancouver brewer and distiller, was taken from a Supreme Court jury and dismissed by Mr. Justice D. A. McDonald here yesterday.

Mr. Justice McDonald gave his decision after defence counsel had requested dismissal of the action on the grounds it was based on illegal acts in the United States.

Sokol claimed the money was due

him for commissions on the sale of 325 cases of whisky to Sam Eastman of St. Louis and for traveling expenses incurred in making the sale, which was made in 1932 during prohibition in the United States.

Evidence given by Sokol and Len Milne, former president of the Pacific Forwarding Company, now an independent liquor dealer in Seattle, involved details of rum running off the California coast two years ago.

Sokol said he had entered into an agreement with Reifel to split the profits on the liquor which Sokol was able to dispose of in the United States. He declared Eastman had returned his shipment because it was musty and unfit to drink, and that Reifel had not reimbursed Eastman as he had promised to do, nor had he paid Sokol \$8,750 as commission on the sale and \$2,500 traveling expenses.

Fine quality tea has a flavour and a fragrance that common teas do not possess.

For true enjoyment in tea—buy Salada. Clear and bright as amber in the cup it has a richness unknown to common teas.

**'SALADA' TEA**

She's fagged out. Why, that child's not well.

After she had left Gypsy sat for a long time, relaxed in the low chair, staring at the pattern the maple branches threw across the porch. Gypsy came out after a bit and plumped up pillows and wanted to know if Gypsy would like a glass of milk. When it got cooler she was going to walk down the street with David to the drugstore.

She did not acknowledge, even to herself, what she wanted to do there. She could see, in her mind's eye, the little telephone booth at the end of the shop, hidden by the jutting cosmetic counter and the lending library shelves. She wanted to call a certain number . . . she wanted to ask a question . . . At home someone would be sure to hear . . .

It was ten days now since Tom's tall figure had flung itself out of the

apartment door. Ten aching, dreadful days. At first she had been angry, resentful, bitter; now she only knew that all she wanted in the world was the sight of him, the sound of his deep, pleasant voice and the touch of his hand on hers. What had he quarrelled about? What did it all mean? Why, there was nothing in the whole world so important as their life together. To throw it away like this, without a look behind, without a gesture of regret—it was unthinkable.

And yesterday, to crown her trouble, Derek, who had been drifting toward her dark shadows ever since that night of the fall, had died. Some enterprising and suspicious reporter had caught wind of the true state of affairs. The morning's newspaper had carried a story full of veiled insinuations. Gypsy's name had not been mentioned but it was only a question of time, she thought drearily, before

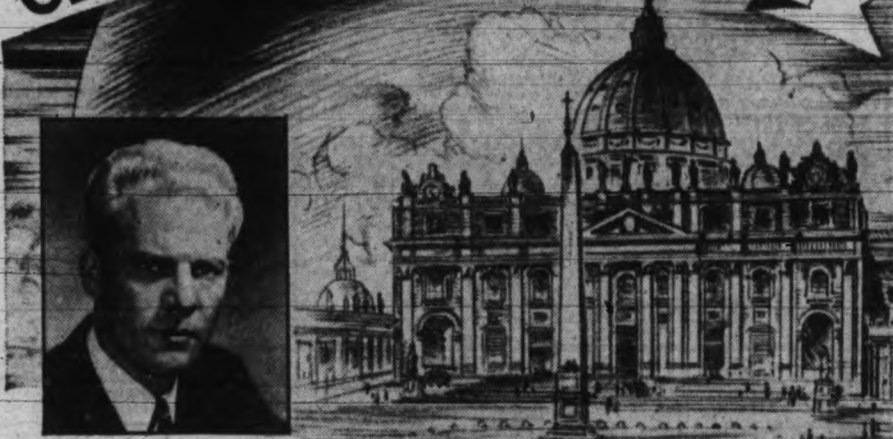

the whole, miserable story would come out. Then Sue would know where Hunt had been that night. Sue, whose fragile, dawning happiness in Hunt's new devotion was a lovely thing to watch!

When first she had read of Derek's death, Gypsy's heart had ached and her tears had fallen. The affair seemed pitiable beyond belief and tragically sad. But now she had come to see that perhaps Derek, in leaving life, had justified himself. He had loved Lila truly and deeply. Whether she would be able to build a new happiness on the ashes of his dead love remained to be seen.

"What a punishment for her," Gypsy had murmured in pity. She had forgotten her own trouble, considering this. And she had wept in the night, longing for Tom to talk to, to comfort her.

Victor "Globe Trotter" 224 (5-Band All-Wave) \$132.00, with tubes

FRONT-PAGE NEWS! It may be the message from a great Church . . . perhaps a flash on the activities of Il Duce . . . or a program of immortal music. Italy is news today . . . and Rome is on the air. Tune-in with your Victor "Globe Trotter" and hear it direct.

Then "globe trot" across Europe by short-wave radio. Twist the dial and visit Paris . . . London . . . Berlin. Speed from country to country . . . from continent to continent . . . and hear distant North American stations by day or night. A "Globe Trotter" is waiting to unroll this magic carpet of entertainment for you.

Victor "Globe Trotters" have proved—and are proving daily—their definite superiority. When you tune your "Globe Trotter" on a distant short-wave station, you are assured of the utmost in clarity, fidelity and tonality . . . the finest reception obtainable!

Every "Globe Trotter" features a single airplane dial—simple, practical and efficient . . . and Victor's multi-coil system, a great engineering advance, assuring outstanding short-wave reception.

And remember, there is only one "Globe Trotter"—and it is made by Victor. Ask your Victor dealer about "Globe Trotters"—he has them in a variety of models. Table models from \$65.00 up—Consoles from \$89.50 up—and Radio-Record Combinations from \$186.00 up.

DEAR MISS DIX—I am twenty-six years old and desperately unhappy over the fact that I am not married. I am a graduate of one of our leading boarding schools, a finishing school and am now holding a very good business position. I am not unattractive, yet, when it comes right down to facts I have had only two pretty impossible proposals of marriage, and a few men, already married, who have been attracted by me. My family seem uninterested and unconcerned about the situation, but I feel as though I must do something about it, and do it soon. I enjoy my work fairly well, but I know I would find real happiness in my own home with a man whom I could trust and like reasonably well (if not love him) and children of my own. Can you help me? ANY

Answer: It seems to me that you are unduly pessimistic about your matrimonial prospects, and that you might reasonably give yourself more time before you get into a panic about not being married. After all, twenty-six is still young in these days when people marry later in life than they did in our grandmothers' day, and no doubt if you will just continue watchful waiting Mr. Right will come along before long.

~~~~~

Your danger is not so much in not getting married at all as it is in marrying the wrong man and spending the balance of your life in regretting it. Plenty of women wreck their lives by making that mistake. They see their girl friends getting married and setting up a home and having babies and they are seized with a longing to do the same. They have passed over and become old maids, and while they are in this blue funk they will jump at the first man who pops the question to them and marry him, no matter how unsuitable he is.

All of us know plenty of cases where a woman has given up a fine position with a fat salary to marry an impecunious widower with a house full of children for whom she had to wash and cook and slave. We know cultivated and highly educated women who have married ignorant men who had never read anything but the stock-market report and the sporting page and the comic strip in the newspapers in all their lives. We know women who have married drunkards and who never doubt that they had to fish out of the gutter and work to support. And we wonder that these otherwise intelligent women should have made these matrimonial blunders.

The explanation is that they were all women who just married to be a-marrying. They were in your frame of mind. They wanted husband and home and children on any terms, and they made bargains that bankrupted them in happiness.

For just liking a man reasonably well, as you put it, is not enough to marry on. It takes love and lots of it to make marriage endurable. And just having a house with the wrong man in it with you will not ensure you a happy home. A home can be purgatory as well as Paradise. If you can't stand a man, if he has no sense, no character, no affection, are not always a compensation for all the sacrifices you must make for them. Children are not always a crown of glory. Very often they are a heartbreak and a shame and a disgrace.

I wish that I could give you some sure method of getting a husband since you are so determined to have one. Perhaps the best advice that can offer is the rule of the Canadian Mounted Police, who always get their man, and that is that Never give up the Pursuit. Fix on your man and track him down. Try him with stations. Play up to him. Flatter him. Cojole him. Interest yourself in what interests him. Let him see that you admire him above all other men. Nine men out of ten will succumb to these tactics if persisted in. Of course, men like to think they are the pursuers of the women the pursued, but the woman who is determined to marry a man nearly always gets him.

When a girl finds out that she is a wallflower in her own home town, she should have gumption enough to move on to fresh fields and new pastures. Familiarity dulls men's perception and appreciation of the charms and graces of a girl they have known all of their lives so that they no longer notice how good-looking she is, nor how attractive. Many a girl who never has a date at home is a perfect wow abroad. That is why so many girls marry strangers.

Of course, a girl's family are derelict in their duty if they do not help her in her husband-hunt, and this they can do by making the home pleasant and attractive to young people. It is just as much a mother's duty to assist her daughter in making a good marriage as it is to launch her in any other career.

DEAR MISS DIX—I am a young woman twenty-two years old. Have been happily married for nearly two years to a wonderful husband and the proud mother of a five-month-old daughter. I do not wish to complain but since the baby has arrived my life is growing less interesting day by day, and I am becoming dull and lifeless. My whole time is occupied with feeding, mending, changing, and washing the baby. My husband schedules and goes to sleep at 6.30 o'clock, but my husband never comes to me out once in a while. He thinks no one else can watch over the baby. I am disgusted and spend many a morning in tears as I see my husband leave for work and interesting sights and conversation, while I must spend my time within a four-room apartment. Am I being selfish in wanting to get away from the routine of housework and baby-winding once in a while?

**Answer:** You are not being selfish. You are simply being rational in trying to save yourself from becoming a nervous wreck. For that is what will happen to you if you do not have something to break the monotony of your life, some change and diversion that would give you something new to think about.

"All work and no play makes Jack a dull boy," says the old proverb, but all work and no play makes Jane a dull, fretful, peevish, nagging woman. If your husband knows what is good for him he will make it a rule to stay out with you one or two evenings every week just as a matter of self-protection, even if he is not interested in keeping you happy and contented.

He forgets that you are only a girl with a girl's natural longing for good times and gaiety, and that you crave to see the bright lights and people who are laughing and jolly and having good times. No matter how much a woman loves her home, she gets tired of being at home. It all the time. No matter how she is loved, she gets tired of being loved up on them, and she wants to do something livelier than sitting down and talk about something more interesting than stewing spinach in its own juice and the relative merits of different feeding formulas.

Men seem to have the idea that the more a woman stays at home and the more she never takes her eye off her baby, the better housekeeper and mother she is, but the reverse is the truth. The more variety she has in her life, the more fitted she is to grapple with her home problems because she comes to them refreshed and stimulated by her little contacts with the world.

If a man wants a good wife, he must keep her happy and contented and he can do this only by giving her a reasonable amount of change and diversion. This is his duty. It is just as much his duty to feed her mind and soul as it is her body, and he is just as much obliged to provide her with pleasure as he is with clothes. Good husbands perform all the taking the wife out to a show or restaurant at least once a week, and if more husbands did it, there would be fewer disgruntled wives and many fewer divorces.

Minister planetary aspects are discerned for to-day, according to astrology. Uncertainty and instability may affect business leaders.

Foreign news may be disconcerting, but the news foretell that the United States will not get into a close war with Germany directly. War clouds may gather and disappear.

Education of the people is advocated by astrologers who declare that the public mind is open to much misinformation and superstition that is being dispelled.

The churches will contribute greatly to the spiritual comfort of the middle classes and will continue to bear heavy tax burdens.

Fluctuation of the stock market after a crash which is not a surprise to Wall Street, may be less marked from this date. Important changes in financial conditions will be foreseen in the spring and return this autumn promises temporarily to many. Bankers may find more readily.

Organized labor is subject to a rule of the majority which is not a surprise in the next few years. New policies and new leaders are prophesied.

There will not be a strike day for romance, but friendships among the young will develop rapidly. College fairs are well directed by the state.

R. J. Dawson of Playhouse Theatre Announces New Policy

R. J. Dawson, owner of the New Playhouse Theatre, arrived in the city yesterday afternoon on a specially chartered Airways Limited Junkers plane from Vancouver.  
Immediately after a conference with W. Coult, local manager of his theatre here, Mr. Dawson announced a new schedule of admission prices.  
Mr. Dawson spent a short time with his staff and friends on sightseeing trips over the city in the plane, piloted by Charles B. Elliott, after which he flew back to Vancouver.  
Brimming over with the gaiety and enthusiasm of America's biggest city, "Manhattan Love Song," Monogram's film of the sophisticated pert-house set, opened at the Playhouse theatre, to-day with Robert Armstrong and Dixie Lee in the leading roles.  
It is a snappy and hilarious version of that always intriguing theme—when the social tables are turned and the servant's take command. It brings to the screen new and startling variations of the complications that ensue, making for a production that is one of the most amusing and entertaining that this reviewer has seen in many a day.  
Dixie Lee, returning to the screen after an absence of a couple of years brings with her a new charm, and a voice that sets off the hit musical numbers to perfection. Robert Armstrong, playing an ingenious chauffeur, is as debonair as ever, while Helen Flint, Nydia Westman, Franklyn Pangborn and Herman Bing must also be complimented for their contributions to a top-notch film.  
A second feature with Walter Huston in "Gabriel Over the White House," is also being shown.

## Capitol to Show Fight Pictures

J. M. Robertson, manager of the Capitol Theatre, to-day announced that the McLaughlin-Rose world's championship fight pictures had been secured and were now being rushed to Victoria for showing here on Saturday's programme.  
Fifteen rounds of gruelling punishment by the fighters are shown in the films. It is claimed to be one of the fastest fights ever filmed.  
The main feature on the programme will be "Judge Priest" with the popular Will Rogers in the leading role. The story is from one of America's noted authors, Irvin S. Cobb.  
According to all advance reports, the film gives Will the finest and most human role of all those he has played on the screen. Preview audiences in Hollywood and New York have hailed it as the most notable of all Rogers' gallery of American characters and there seems little doubt that it will register throughout the country as the star's most successful picture to date.

## Critic Praises "High Hatters"

"The boundless energy of American women in one thing which has never ceased to fill me with amazement," says Diana Wynyard, English actress, who has registered a swift rise to stardom on the American screen.  
Miss Wynyard comes to the Dominion Theatre on Friday in the stellar role of "One More River," the Universal picture, one of the last novels written by the late John Galsworthy, famous British dramatist. All action of the story takes place in London and its suburbs, and the story comprises that series of books known to fame as "The Forsyte Saga."  
Before I came to the United States," said Miss Wynyard recently, "I devoted some little attention to golf and tennis and considered myself fairly proficient, though it is true that I am not particularly athletic. But in this country I found myself completely outclassed by sports enthusiasts who played nearly as well as professionals, and I decided that 'the duffer' had no place in this country."  
That, and a host of other interesting predictions were furnished to the blonde siren by Stuart Holmes, who has been a motion picture actor for twenty-four years, a professional astrologer for the last six.  
Holmes, who plays a major role in Miss West's new starring picture, "Belle of the Nineties," which brings Miss West back to the screen as the love of the gay blades along the levees in the "Naughty Nineties," being shown at the Capitol Theatre, compiled Miss West's horoscope with the aid of his wife, Blanka Holmes.

## NEW POLICY AT DOMINION

Col. S. P. McMordie, Announces New Admission Schedule For Theatre

The management of the Dominion Theatre today announced a new schedule of admission prices to become effective to-morrow. In making the announcement Col. S. P. McMordie stated he was greatly pleased to be able to maintain a greater value in motion picture entertainment to the people of Victoria at this time, and that policy of the theatre would be to maintain its usual high standard of service and the presentation of carefully selected high-class motion pictures.

THEATRICAL CRITICS OF THE Vancouver Sun said "High Hatters" presented a well-balanced, entertaining feature, with never-a dull moment.

"Ralph Britt and his orchestra provided the musical background for the stage show, and managed to inject a lot of unusual comedy into their work. Their feature numbers are well presented."

"Hit of the show were Jack and Ginger in their 'Drunk and the Dot' dance. This pair put on a pantomimic dance that brought the houses down. So enthusiastic were the members of the audience that they brought them back time and again."

"Irene Cooper puts over several songs in an individual manner, and the Three Harmonettes, radio singers, sing with pleasing harmony."

**"Double Door" At Columbia**

A distinguished cast headed by Evelyn Venables, Sir Guy Standing and Kent Taylor and including two members of the original cast of the screen version of the successful Broadway drama, "Double Door," now at the Columbia Theatre.

The two members of the original cast are Mary Morris and Anne Revere, who were brought to Hollywood by Paramount at the close of the play to act the two central roles of the drama, which they originally created.

In the picture, Miss Morris plays the part of Victoria Van Brett, iron-willed, erratic spinster who rules the destinies of the millionaire Van Brett family. Miss Revere is her waif, subsequent sister and Kent Taylor her half-brother, who, with the aid of Evelyn Venables as his lovely young bride, breaks her control of the family and finds freedom.

Showing as a second feature is Buck Jones in "The Fighting Code."

# Banner Season Is Forecast For Victoria Badminton Players

## THE Major Clubs In City All Report Membership Gain

**SPORTS MIRROR**

THE DETROIT TIGERS have not seen anything yet. They are the American Baseball League pennant hit to themselves, but they may as well make the most of it, after twenty-five years of waiting, for it will be a banner of another color when they go into action October 3 against the flag-bearer of the National League in the world series. By comparison to tackling either the New York Giants or the St. Louis Cardinals, Mickey Cochrane's batting Bengal will think their pennant victory was just a breeze over a winward-leeward breeze (we are still thinking in terms of yacht racing).

It is taking nothing whatever away from the sensational exploits of the Detroit club, or its all-around class, to say that the balance of power no longer rests with the American League. It may not have swung altogether the other way, either, but the fact is that the current American League champions by no means measure up to the state of the former New York Yankees of Ruthian days or the powerhouse Philadelphia Athletics of 1930-31. The Tigers have speed, power, a splendid leadership and a pitching jewel in Schoolboy Rowe, but they do not quite dominate the current picture the way some of their predecessors have done.

No doubt the dynamic Cochrane will take adequate measures to avoid any tendency toward over-confidence in his outfit, a temptation which might spring from the fact that the Tigers are now "sitting pretty," while their prospective rivals are struggling tooth and nail down the National League stretch.

Mickey's last appearance in the world series, in 1931, was not calculated to make him underestimate the strength of the National League. It will be recalled that Cochrane was something of a victim of the "Wild Horse of the Coast," Pepper Martin, the Athletics that year. Martin is in the thick of the present St. Louis rampage.

By and large, pitching is the one big factor that has given the National League's forces more to cheer about within the last few seasons. Whereas New stands out among the newcomers developed in the American League, there have been at least a dozen brilliant pitchers in the National League spotlight. Pitching was decisive in the conquest of the Giants over the Washington Senators in the last world championship from falling completely apart during their otherwise discouraging finish in the pennant race.

For speculative purposes you can compare the assets of the Tigers with the pitching, outfield power, defense and clutch leadership of the Giants by Bill Terry or the all-around driving power, speed and of Frank Frisch's Cards. Tigers were picked to finish no better than fourth, but at the time it would have taken rare imagination to have anticipated Rowe would win twenty-four games, including sixteen in succession to tie the league record. It will be "Dean, Dean, Dean," a la the Cardinals, who are the National League banner into the world series, whereas the "Big Four" of the Giants probably would be asked to work in this order: Cal Hubbard, Hal Schumacher, Ben Farnsworth and Fred Fitzsimmons.

David Jack, the famous English international soccer forward, until recently with Arsenal and now manager of the Southern F.C., will come to Victoria and turn out for the Senators. At the moment, however, the Southern club are not hopeful of Jack attaining his ambition. According to football law Jack cannot turn out for Southend until he has successfully applied to Arsenal for release from the list of retained players. Arsenal will have to stand in the Arsenal club of last season when Jack went to Southend, and placed him on their retained list. The Arsenal therefore must give a list before he can play for another league club.

Will Arsenal agree? Jack cost the North London club a great deal of money—his transfer set up a new record of £10,000 at the time—and it is thought that the Arsenal will not agree to a free transfer. On the other hand, if, as Jack declared, he has finished playing regularly, and would only play occasionally for Southend, Arsenal are not likely to obtain a transfer fee for him.

George Allison, Arsenal's manager, said that he had received letters from Jack, in which the former Arsenal player says that he will be calling upon Allison to discuss a certain proposal, which is not yet known in the Arsenal club. Beyond that, Allison could say nothing. Many people, including the Southern directors, are not very sanguine of Jack's request being granted. On the other hand there are some who think that Arsenal will make a splendid gesture and release the star who stood them in good stead in their triumphs of the last few years.

### WEST INDIES CRICKET

Georgetown, British Guiana, Sept. 27.—Playing Trinidad for the cup, symbolizing West Indies cricket supremacy, Barbados could only score sixty-three runs for four wickets in the second innings to-day, to remain far behind. British Guiana, entered 240 runs in the first innings and closed their second innings with 77.

### LOCAL PLAYERS WILL GO SOUTH

Plans for a banner season in local badminton were being considered this week as some of the city's leading clubs continued their preliminary practices and others made arrangements to open play next week. From a point of view of playing memberships the 1934-35 term is already regarded one of the best known here, with several of the more popular groups facing overflow applications.

Major interest will centre again this season around the city championships, expected to be held under the joint auspices of the Victoria and Willows clubs at the Willows during the first week of December. The island title play under the Garrison auspices at the Armories during February and the California State tourney at San Francisco.

Already several local stars have indicated their intention of taking in the California event late that month and some may continue down to the southern California meet at Pasadena the following week.

Florence Oates, Helen Nicholson, and Doreen Swaine, present holder of the California women's singles title, are figured virtual certainties for the trip to the Sunshine state.

TO DEFEND LARSEN. Brentwood College master, who plays for the Willows, is expected to defend his city singles championship in the coming title tourney. While Campbell, who is expected to defend his title, will probably strive to uphold her laurels.

Harry Webb, runner-up in the men's singles last year, is expected to be in the fray, having moved since the last tournament to the interior. However, Ted Simmons, Ross Hocking and Paul Phillips should furnish considerable opposition from the ranks of the veterans.

Doreen Swaine should be a strong challenger to Miss Campbell in the women's singles.

It is doubtful if Dick Birch will be back to defend his title in the mixed doubles.

### Diamond Rings For Dean Boys

St. Louis, Sept. 27.—St. Louis baseball fans are going to say it with diamonds to Paul and Dixie Dean.

A Dean Day committee yesterday decided that diamond rings will be presented to the Cardinals' famous pitching pair when they step out on to the ball diamond Sunday. Contributions of any size, from a few pennies up, are being made by admirers of the brothers.

### CANZONERI IS BOUT WINNER

Former Lightweight Champ Takes Decision From Harry Dublinsky

Brooklyn, N.Y., Sept. 27.—Tony Canzoneri, former king of the lightweights, began another comeback trial yesterday evening with a decision over Harry Dublinsky, rugged Chicago welterweight, in a spirited ten-round bout at Ebbets Field. Tony weighed 134½ pounds; Dublinsky, 140.

Dublinsky, known as a strong finisher, made his usual rush down the stretch, but Canzoneri's superior boxing in the early rounds gave him a lead that the Chicagoan was never able to overcome.

It was a popular decision with the crowd of 15,000.

Victory in the rubber fight with his old rival gives the Brooklyn Italian two victories to one in the current series and puts him in an even better position to demand a bout with Barney Ross, the lightweight champion.

Dublinsky has counted on yesterday evening's meeting to win him a shot at Jimmy McLarnin's welterweight crown.

Canzoneri won his first bout with Dublinsky, but lost a return engagement in Ebbets Field four weeks ago yesterday evening. Then he tried to outsize Dublinsky and was badly shepherded in the closing rounds.

Yesterday evening, instead of trying to land a haymaker with every punch, Tony elected to box, and his marked superiority in this style of fighting played up the points which ultimately led to the decision.

### Varsity Rugby Outlook Good

Half-dozen Former Victorians and T. Roxburgh Included on U.B.C. Squad

The shins bright on that grey granite pile in Point Grey as students foregather to take in a little schooling and a lot of rugby.

As usual Victoria has furnished its quota of potential recruits to the hosts of oval ball carries at the University of British Columbia who will be joined this year by the remarkable Tommy Roxburgh, former captain of Vancouver's North Shore All-Blacks, provincial club champions.

The Capital City's representation on the team this year, according to the season's forecasts, may be limited to a half dozen in place of the dominating fraction it once was.

The latest addition to Victoria will probably be Harry Robson, former Canadian Scottish player who has seen service on several McKechnie Cup teams here.

Stuart Leggett and Alan Mercer, two of Reg Wenman's recent graduates from the University School, will be back in harness as well. Ron Upward and Ed Kempler, old Victoria College boys, Jim Mitchell, vice-captain this year, appears to be the other Victorian certain of a place. He is a former Brentwood College player.

Bobby Gail, that diminutive bundle of speed and fighting spirit, as popular here as he is in Vancouver, will captain a squad which will include a sweet backfield, according to advance reports. In addition to the Victoria boys who are expected to nick places, and Roxburgh, he will have Dave Carey, another ex-All-Blacks man, ready for duty.

It looks as if the Varsity boys are in for a big year.

### Serious Challengers For National Baseball League Pennant Open Four-Game Crucial Series With Cincinnati To-day; Giants Idle Until Saturday

By HUGH S. FULLERTON  
Associated Press Sports Writer  
The National Baseball League pennant issue was put squarely up to the St. Louis Cardinals today as they opened their final four-game series against the last place Cincinnati Reds, while the New York Giants began a two-day layoff before completing their season against Brooklyn, Saturday and Sunday.

Both leaders cracked unexpectedly yesterday and, as a result, the Cards still were a game behind and had just enough extra games on their schedule to make up that difference. They play four and New York only two, unless the weather interferes with the programme.

At the stage where one defeat may wreck the pennant hopes of either club, it looks as if the Giants had "blown" their chance yesterday when a passed ball by Gus Mancuso gave the Phillies the odd run to take their second straight win from the league leaders. But they hadn't reckoned with Waite Hoyt, the Pittsburgh Pirate veteran. Hoyt shut out the Cards, 3 to 0, giving the Cardinals the lead and the rivals were back where they started.

### ROSENBLUM MUST FIGHT

Light Heavyweight Champ Ordered to Meet Leo Kelly on October 8

San Francisco, Sept. 27.—Maxie Rosenbloom, light-heavyweight champion, must go through with a bout here October 8 against Leo Kelly, Los Angeles negro, before he can fight in any other part of the state, Claire Goodwin, state athletic commissioner, announced yesterday.

Goodwin's stand was upheld by two fellow commissioners in Los Angeles, following a protest by another two commissioners from the Disabled Veterans' Boxing Club here, that Rosenbloom had been matched for an October 2 bout in Los Angeles against Frank Bonny.

Tuesday signed Rosenbloom to meet Kelly on September 17. The match was twice postponed at Rosenbloom's request, in order to send a doctor's certificate it would be inadvisable for him to fight immediately because of an ear operation.

The Brooklyn Dodgers cut Boston's fourth-place margin over Pittsburgh to a half game by trimming the Braves, 3 to 0, and Johnny Babeich. The New York Yanks, with rookie Charley Devens pitching the full route, defeated the Philadelphia Athletics in eleven frames, 4 to 3. And Willie Hudlin's five-hit hurling carried the Cleveland Indians to a 6 to 2 decision over the St. Louis Browns.

## Hudson's Bay and Garrison Winners

Defeat Spencers and Navy Respectively, as Wednesday Football League Ushers in Season; Teams Put on Good Exhibitions; Proceeds to Charity

Last year's champions took it on the nose yesterday as the Victoria and District Wednesday Football League staged a prologue to their regular season with a double-header at the Athletic Park. In the fixtures, Hudson's Bay, much stronger than it has been in recent years, blanked Spencer's, title holders at the end of last season, 1 to 0, after the well-balanced Garrison squad had defeated the Navy 3 to 1 in the opener.

The gate, totaling \$49.15, to which between 300 and 400 fans contributed, was donated to charity.

Alderman John A. Worthington, chairman of the city's parks board, opened the season after being introduced to Bruce Robinson and McAllister, captains of the Navy and Garrison teams, respectively.

Jack O'Neil, Tommy Musgrave and Les Kennedy turned out with the Hudson's Bay for the first time, while Al McKinnon and Max Williams appeared in Spencer's uniforms.

**LOVE GOAL WINS**

A lone marker by Tommy Musgrave about five minutes after the start of the second half gave the Bays their margin of victory after a tight game in which both squads showed lots of promise.

The game opened at a good pace and play swung from one end to the other with both custodians stopping well.

McAllister's tally came early in the second half when he sent in a terrific drive from just outside the penalty area. McKinnon, between the sticks for Spencer's, had no chance to save.

Spencer's made several good attempts to equalize but could not break into the win column.

McAllister refereed, and the teams were as follows:

Hudson's Bay—Baxter, O'Connell, O'Neil, Williams, Kennedy, Oakman, Wyatt, Fish, Stevens, Musgrave and Richards.

Spencer's—McMillan, Munro, Camm, L. Bradley, Chapman, D. Bradley, Brown, Luxton, Clarke, Williams and McKinnon.

**WILLIAMS STARS**

Unable to field their best team, owing to the absence from the city of their ships, the Navy could not match the smart play of the Garrison as Dick Williams, clever centre forward, ran in a trio of tallies against Walker's single goal for the sailors.

The first counter came early when Miller broke through five minutes from the start and rifled home a low shot.

Freeman, Navy goalie, gave a smart display in the sailors' net, averting several efforts which looked to be ticketed for the rigging.

Shortly after the interval, Miller, again in again to beat Freeman with a rifle shot which the Navy goalie had no chance to save, and ten minutes later planted another shot from close in between the sticks for the Garrison's last counter.

About five minutes from time the sailors gained a penalty kick when Worwick tripped Marr, but Robinson's attempt went over the bar.

The Navy finally scored when Walker first-timed a fine cross from Bernellack to the corner of the net.

Navy—Freeman, McDonald, Miles, Gleave, Robinson, Hutton, Sweet, Marr, Bennellack, Williams and Walker.

Garrison—Glendenning, Linsley, Worwick, Wilkinson, Dyer, Featherstone, McAllister, Stewart, Miller, Edwards and Cook.

## BRADMAN'S CONDITION IS IMPROVED TO-DAY

London, Sept. 27.—An official bulletin this afternoon said "Don Bradman was showing a very slight but still definite improvement in condition. Australia's great cricketer was in a serious state after an emergency operation for appendicitis and much concern was felt yesterday evening for his recovery. He had a restless night but to-day his temperature was lower and he seemed to be on the mend."

## Salmonbellies Are Favored To-night

**New Westminster Expected to Make It Two Straight Over Winnipeg and Capture Western Lacrosse Championship; Won Opening Tilt 12 to 8**

London, Sept. 27.—Fighting to stay in the western Canada senior lacrosse final, Winnipeg Wellingtons take the floor at Queen's Park Arena here to-night against New Westminster Salmonbellies in the second game of the two-out-of-three series.

Salmonbellies, by reason of the 12 to 8 victory in the first game Tuesday night at Vancouver, and with a much more experienced lineup, are favorites to make it two straight and travel east to meet the eastern finalists for the Mann Cup.

**NO SET-UPS**

Wellingtons, however, are not being underrated and Manager Gordon "Grumpy" Spring of the New Westminster squad, intends to keep to his strongest line-up opposing the visitors.

The Winnipeg squad dropped the first game more or less because they tried and failed to match the speedy play of Salmonbellies. Unused to the flashing end-to-end floor play Wellingtons missed a half dozen chances to score when receivers dropped or missed entirely the fast passes required. When they did settle down to their own type of slower and more methodical attack Wellingtons scored almost at will, and that is what the Winnipeggers will base their hopes of victory on to-night.

**BOXING**

Brooklyn—Tony Catanzoni, 134½, Brooklyn, outpointed Harry Dubinsky, 140, Chicago (10); Louis Ames, 136, Herkimer, N.Y., outpointed "Irish Bill" Hogan, 141, Piermont, N.Y. (10).

Chicago—Joe Louis, 188½, Detroit, outpointed Adolf Walter, 185, Green Bay, Wis. (10).

**WRESTLING**

Rockford, Ill.—Jim McMillen, 217, Antioch, Ill., threw Bauer, 214, Germany, in 40.57 minutes; Dick Raines, 228, Dallas, Tex., and Jack Smith, 204, Chicago, drew, 30.00.

**MONTREAL ROUT**

In a day of mild upsets, probably the least expected development was the utter rout of the Montreal contingent. Three of the Quebec province ace, Margery Kirkham, Mrs. J. Dagnall and Mrs. H. W. Soper, met with such stiff opposition that they failed to survive the second round.

The fourth casualty was Mrs. A. B. Darling, but she was forced to retire from the hunt as the result of an injury to her ankle, Tuesday. And to add to the sequence of disappointments, Yolande Molson, winner of the net prize in the qualifying round, was eliminated in the first round of the championship consolation.

Two of the Pacific Coast stars, Mrs. W. Silcock, Vancouver, and Mrs. E. Jackson, Victoria, were eliminated.

In the dual-round programme of the event, Miss Mackenzie first thrust aside the challenge of Miss Kitty Gordon, Toronto, 8 and 7, and in the afternoon marched into the semi-final brackets by defeating Dorothy Harris, Ottawa, 7 and 6.

Miss Harris, a first-time starter in major tournament play, had caused the biggest upset of the morning by flashing sparkling spurs to eliminate Mrs. Dagnall, province of Quebec champion.

Mrs. Ford came the closest to matching the consistency of Miss Mackenzie, overwhelming her companion, Mrs. Jackson, 6 and 5, in the morning. In the afternoon, however, she encountered a stiffer assignment in disposing of Mrs. E. W. Whittington, Toronto, but rallied in time to end the battle on the sixteenth green, 3 and 2.

After defeating Miss Kirkham, former holder of the title, 5 and 4, in the second round, Mrs. Whittington had to stage a gallant up-hill fight to overcome Mrs. T. J. Agar, Toronto, 2 up.

Mrs. Agar was extended to the limit to survive the second round.

## FINAL CRICKET GAME SATURDAY

**Albions to Play Team From Rest of League in Exhibition at Beacon Hill**

Winding up their season with a match aimed to raise funds to help make up the deficit caused by the visit of the touring eastern Canadian cricket team early in the month, Albions, champions for the second time in succession in the Victoria and District representing the rest of the league.

The match was originally scheduled for last week but was called off owing to unfavorable weather conditions. A strong squad is being lined up from the various teams in the loop and a good game is promised.

The fixture is scheduled to start at 2 o'clock in the afternoon, and when stumps are drawn at the end of the match they will be laid aside until next year.

leave with Patrick for the prairie city, early next month.

The other four Vancouver players who will join the training camp are Brian Hextall, Clint Smith, Charlie Mason and Jimmy Arnot.

**Vancouver Golfers Continue Splendid Performance in Canadian Women's Closed Championship; Miss Ada Mackenzie in Two Decisive Wins**

Toronto, Sept. 27.—The road of a champion may be rough and strewn with pitfalls, but to Ada Mackenzie, Toronto, defending her title here as Canadian close golf queen, the harder the struggle the more brilliant she becomes.

Seeking her sixth closed crown, the superb shotmaker played almost invincible golf yesterday, over Scarborough's 6,350-yard test to checkmate two rising stars who sought to dethrone her of the mantle she has worn for the last three years.

Keeping company with the defender into the semi-final brackets was another former champion, Mrs. C. E. Ford, Vancouver, and two other Torontonians, Mrs. E. W. Gouinlock and Mrs. F. J. Mulqueen.

This afternoon, Miss Mackenzie encountered Mrs. Gouinlock in an intra-city duel, while Mrs. Ford met Mrs. Mulqueen in the lower half of the draw.

## Detroit Infield Has Decided Edge

Combination of Greenberg, Gehringer, Rogell and Owen Outshines Anything Giants Or St. Louis Can Muster For Coming World Baseball Series

By ALAN GOULD  
Associated Press Sports Editor

New York, Sept. 27.—The Detroit infield quartette of Greenberg, Gehringer, Rogell and Owen may not be able to give a mellow touch to "Sweet Adeline" under the clubhouse shower, but they can play harmonious tunes with their bats and put up an ironbound defence against anything the baseball enemy has to offer.

They are four of the main reasons why the Tigers are well equipped to tackle either the New York Giants or the St. Louis Cardinals in the forthcoming world series. Like a quartette of grenadiers they have stood shoulder to shoulder all season, breaking up opposing attacks, and in turn providing most of the ammunition for Detroit's winning rallies.

**GIVES TIGERS EDGE**

The best proof of this remarkably durable infield's power is its aggregate batting average of .325. It is sufficient evidence to entitle these Tigers to an all-around edge over either the Giant combination of Terry, Clegg, Ryan and Jackson or the Cardinal cast of Collins, Frisch, Durocher and Martin.

The Detroit quartette's margin over the Cardinals in hitting is around thirty points per man and nearer fifty points over the Giants. The clinching evidence is that the Tiger infielders have driven over 425 runs this season as compared to less than 300 by the Cardinals' quartette and less than 250 by the Giant inner workers.

Defensively the comparisons are pretty close. Manager Terry of the Giants is the superior of either Greenberg or Collins at first, on the basis of all-around performance, but yields no more potent stick in the "clutch."

Gehringer is generally rated the king of pre-slop second basemen. He has no weakness. Frisch, despite his years, still ranks among the great money players of all time. Clegg also has passed his prime, and his light hitter, but still ranks with the most skilful in handling ground balls.

The Giants stagger home in front of Blondy Ryan probably will play shortstop again, with Travis Jackson, as a result of a new leg injury, moving over to less strenuous work at third.

## M'LARNIN OFF ON VACATION

World Welterweight Champ Sails For British Isles; Foster Along

New York, Sept. 27.—Smiling and carefree Jimmy McLarnin sailed for the British Isles yesterday aboard the liner Washington on a long-delayed vacation. Things fistic were far from his mind, and as usual, he was under the wing of his manager and bulky shadow, "Pop" Foster.

Jimmy plans to visit the little town near Dublin where he was born a short time before his folks moved to Vancouver. "Pop" is looking forward to a reunion in Athlone with a sister he has not seen in forty years.

During the twenty-four-day trip to Sydney the athletes will condition themselves on the after deck of the steamer, as it is not equipped with a gymnasium. The party arrived yesterday morning and made a hurried sightseeing trip of San Francisco.

San Francisco, Sept. 27.—The pick of Canada's schoolboy track and field stars, winners in the trials to represent the Dominion in the coming Victoria centenary at Melbourne, Australia, sailed yesterday aboard the S. Makura. The party was headed by Dr. A. S. Lamb, McGill University.

While reluctant to make any forecast on the Canadians' chances in the athletic competition, Dr. Lamb indicated he thought his boys would make a good showing.

## STRAW IN THE BOOT

When mippy mornings and frosty nights announced the advent of the autumn season, it was the custom for the crack Mail-coaches of the last century to carry straw in the baggage compartment, to be tucked around the feet of the passengers when it became too cold for comfort—as it often did in those draughty vehicles.

The modern Motor-coach needs no straw—a warm, equable temperature is maintained throughout the coach by hot-water heaters—without fumes or dust.

This feature is but one of many designed to ensure "Coach Lines" patrons the maximum of travel comfort.

# New Ship To Carry 4,000 Passengers

Much Accommodation Provided For Atlantic Travelers on Ss. Queen Mary; Ship Has Twelve Decks

The great dimensions of the new super ship Queen Mary, which was christened by the Queen on the Clyde yesterday, were the result of protracted consideration of the requirements of weight and space to be allowed for the various items of hull structure, accommodation and hotel services, propelling machinery, fuel, water and stores, in association with such a power as would enable the owners to ensure the maintenance of a regular service with a definitely scheduled time-table between terminal ports.

A well-laid stem, cruiser stern, and the usual fore-and-aft rig, with three large funnels of suitable size and height to ensure that the funnel gases will clear the promenade, the superstructure forms the elements of the appearance of the massive hull with its impression of strength, power and speed.

The structure comprises twelve decks, viz.: Sun deck, upper promenade, promenade, and "A" to "G" decks, including the partial lower decks, which are discontinued in way of the extensive machinery spaces.

PASSENGER ACCOMMODATION

Accommodation for first class passengers provided in staterooms situated on the upper promenade, "A," "B" and "C" decks. The rooms are single and two-berth cabins and the great majority are "outboard" rooms, with natural light and ventilation from the ship's side.

The following list of first class public rooms will show how completely every variety of taste is catered for: Dining saloon and foyer, main lounge, smoking room, library, writing room, cocktail lounge, children's room, swimming pool, Turkish bath, gymnasium and squash racks court.

The decoration of the principal public rooms is being carried out under the supervision of Arthur J. Davis of New York, London, in collaboration with Benjamin W. Morris of Morris & O'Connor, New York.

The whole of the space outside the public rooms on the promenade deck is available for the purpose of recreation. Protection from the weather is afforded by the provision of a steel screen at the ship's side, fitted with large sliding windows. The after and the upper promenade deck forms an extensive games space, and the whole length of this deck at the side serves as an open-air promenade, with extensive space for deck games is provided on the open sun deck.

STATEROOM CLASS

Staterooms for tourist class passengers are located on "B" and "C" decks about the first class accommodation, and on the decks below, the main body of the rooms extending along "B" deck.

As in the case of the first class passengers, the wide range of interests of the tourist grade calls for a suitable number and type of public spaces. These provided comprise: Dining saloon, two lounges, smoking room, library, children's room.

The third class staterooms are of two and four-berth type and are fitted in a most complete manner. The third class public rooms include: Dining saloon, social hall, lounge, smoking room, children's room.

MACHINERY

For the propulsion of the vessel an installation of twenty-four water tube boilers of the Yarrow type will supply steam at 440 pounds pressure and a temperature of about 700 degrees Fahrenheit to four sets of Parsons geared turbines single reduction geared turbines directly connected by lines of shafting to four solid propellers.

The boilers will be operated under "forced circulation" with the air for combustion passed to the boilers in preheated condition, and will be oil fired on the Walliser system.

Each set of quadruple expansion geared turbines will operate as a complete independent unit.

The auxiliary required for operation of the propelling machinery will be generally supplied by four turbo generators designed to work with main boilers.

For the "hot" services a battery of three cylindrical boilers will deliver steam to a further three turbo generators for the electricity requirements, and will also supply steam for other purposes as galley and ship's heating.

The oil fuel will be stored in bunkers abreast of the boilers, while the feed water make-up will be carried in double bottom tanks.

## Pile Sufferers

Can You Answer These Questions?

Do you know why external remedies are applied to sore and painful piles are only local in effect and do not reach the true circulatory cause?

Why Piles may "come back" even after a first removal by cutting?

Do you know the cause of Piles is internal?

That there is congestion of blood in the lower bowel—the veins flabby, the parts lifeless?

Do you know that there is a harmless internal remedy for itching, bleeding or protruding piles discovered by Dr. Leonhardt, known as HEM-ROID and sold with your money back if not joyfully satisfied with the help one bottle gives?

HEM-ROID banishes piles by relieving congested circulation and helps to heal and restore the sore surfaces.

HEM-ROID is so successful in even the most stubborn cases that MacFarlane and Vancouver Drug Stores and other good druggists advise every sufferer to get a bottle of HEM-ROID Tablets to-day—take them as directed—then if not completely satisfied with results—your money back.

# FIVE PERSONS ARE PROTECTED

Major Beauchamp Kerr-Pearse Among Those in Yachting Mishap in Ireland

Galway, Ireland, Sept. 27.—Five men, including Major Beauchamp Kerr-Pearse, met death yesterday when a motorboat from the yacht of Lord Iveagh, a brother of Lord Londonderry, was wrecked in a storm on Killary Bay. The other four, one of whom died after being rescued, were not identified immediately.

Guinness, the second son of the first Earl of Iveagh, was rescued along with Major Kerr-Pearse's only daughter, and Guinness's private secretary.

Major Kerr-Pearse, in his sixty-third year, retired from the militia forces in 1904 after serving in the Boer War.

He was appointed private secretary to Sir William Campbell, Governor of Western Australia, and then again to Sir William Campbell, Governor of Western Australia. He also served as extra A.D.C. to Lord Carmichael, Governor of Madras.

Major Kerr-Pearse, in his sixty-third year, retired from the militia forces in 1904 after serving in the Boer War.

Paris, Sept. 27.—Paris financial circles to-day interpreted the Geneva conference of representatives of the "gold bloc" countries to mean an attempt to force the gold standard on the rest of the world to come back to "stable" currencies.

The "gold bloc" co-operation of the gold bloc will set an example for all nations now hoping to return to sound financial and economic conditions, "one promoter of authority said. A gold bloc unity powerful enough to form a self-supporting economic system, he asserted, would put strong pressure on the rest of the world to force currency stabilization.

He insisted the gold bloc countries "have strong reason to favor each other mutually by commercial accord."

France—Banker for the gold bloc by virtue of the 80,000,000,000 francs worth of gold reposing in the vaults of the Bank of France—has a strong motive for leading the movement, which was described here as an effort to keep the gold bloc from disintegrating in the face of campaigns for currency devaluation.

Holland, Switzerland, Belgium and France are facing such campaigns, but currency devaluation is not determined and able to hang on to the gold standard.

In his address Tuesday, Premier Gaston Doumergue violently attacked devaluationists, charging their efforts were inspired by Socialists and Communists.

Several political leaders, furthermore, have voiced fears disastrous domestic disaffection would meet any further reduction in the value of the franc.

# NASCOPIE NOW SOUTHBOUND

Government Supply Ship, After Summer in Arctic, Due at Halifax Shortly

Ottawa, Sept. 27.—The steamer NascoPie, carrying the Department of Interior expedition to the posts in the Canadian Arctic archipelago, is now well on the way home and, according to present indications, will dock at Halifax next Thursday.

A call was made at Port Burwell at the entrance to Hudson Strait, on September 23 and, after a two-day stay while coal was taken aboard, the ship headed down the Labrador Coast. The distance from Port Burwell to Halifax is approximately 1,200 miles and one stop at Cartwright, on the Labrador Coast, will be made before the ship docks at the home port.

On the eve of a priced assignment to shore duty at San Diego, by which he would be reunited with his family, Lieut.-Commander John B. Daniels, Corps, took his own life with a service pistol in his bunk early yesterday.

The body was found at 6:45 a.m. by his mess boy, with the pistol lying nearby. A bullet had passed through his head. The shooting occurred on the ship's deck, the body was found on the deck, the body was found on the deck.

### Uncle Wiggily's Jumping Rope

By HOWARD R. GARIS  
Uncle Wiggily had such a good time on his seashore vacation and he ate so much that, when he got back to Woodland near the Orange Ice Mountains, where he lived in his bungalow, why, he found himself getting fat. One morning, when getting on his soap the rabbit gentleman found that he couldn't button it without drawing in a long breath to make his stomach small.  
"Goodness, you'll have to do something about this!" said his wife.  
"I shall take more exercise," said Mr. Longears.  
So he hopped over the fields and through the woods. He looked for two adventures

each day instead of one, he even played ring-around-the-rose with Baby Buntz But still he was fat.  
"What shall I do?" he asked Mr. Twistytail, the pig gentleman. Mr. Twistytail was fat but he didn't mind. "Gracious goodness! What would a pig be without fat?"  
"Why don't you jump rope?" asked Mr. Twistytail.  
"Will that make me thinner?" asked Uncle Wiggily.  
"Of course!" granted the pig. "All baseball players and football players who train must jump rope to keep from getting fat."  
"You never tried it, did you?" asked the rabbit gentleman.  
"YOU ARE DIFFERENT!"  
"Oh, yes," said the pig. "It would look funny, I think, for me to jump rope. But you are different. Nobody would laugh at you for jumping rope as the girls do. Go ahead."

"I think I will," said Uncle Wiggily. Still and with all he thought if he took Baby Buntz's rope and began jumping it about the bungalow his wife or Nurse Jane or some of the children might think it funny.  
"So I'll go to the woods and jump rope," said Mr. Longears.  
So sooner said than done, Uncle Wiggily hopped to the woods and then he looked around for a rope. He knew what he wanted, some long strands of the honeysuckle vine which is light and strong and easy to find.  
Taking several strands of honeysuckle vine he braided and twisted them into a rope. Then, taking the two ends in his paws, he began to swing the vine rope over his head and under his feet as he hopped up into the air.  
"Oh, this is fun!" laughed Uncle Wiggily. "I can feel myself getting thinner."

### CLOSED FISHING AREAS ON COAST

Special to The Times  
Duncan, Sept. 27.—Duncan Chamber of Commerce held a meeting in the Black Cat Restaurant Monday night with President R. Sanderson in the chair.  
The Victoria and Island Publicity Bureau wrote dealing to co-operate with the Duncan Chamber in having closed commercial fishing areas in this district.  
The Duncan Chamber will seek their co-operation in having the closed area in Crofton Bay extended to a line drawn from Bare Point Lighthouse through Tent Island to the north end of Salt Spring Island.  
Efforts will also be made to have the Cowichan Lake fish hatchery turned over to the Biological Board for experimental purposes in view of the biological survey now being made of the Cowichan River. It is deemed very important that the Cowichan Lake hatchery be under the control of the biological experts.  
The publicity committee reported that the provincial government had consented to co-operate with the Indian Department in improving the approach, to Duncan through the Indian Reserve and the work should soon be under way.  
It was reported that Hugh Savage, M.P.P., had made an inspection of the Cowichan Lake Road, and in view of the fact there are over 2,000 men employed in proximity to the lake, and having a school population of approximately 100, he was going to make special efforts to have road conditions to this area improved. Next week will be made British Columbia week in Duncan when L. P. Humber will be in Duncan when L. P.
